
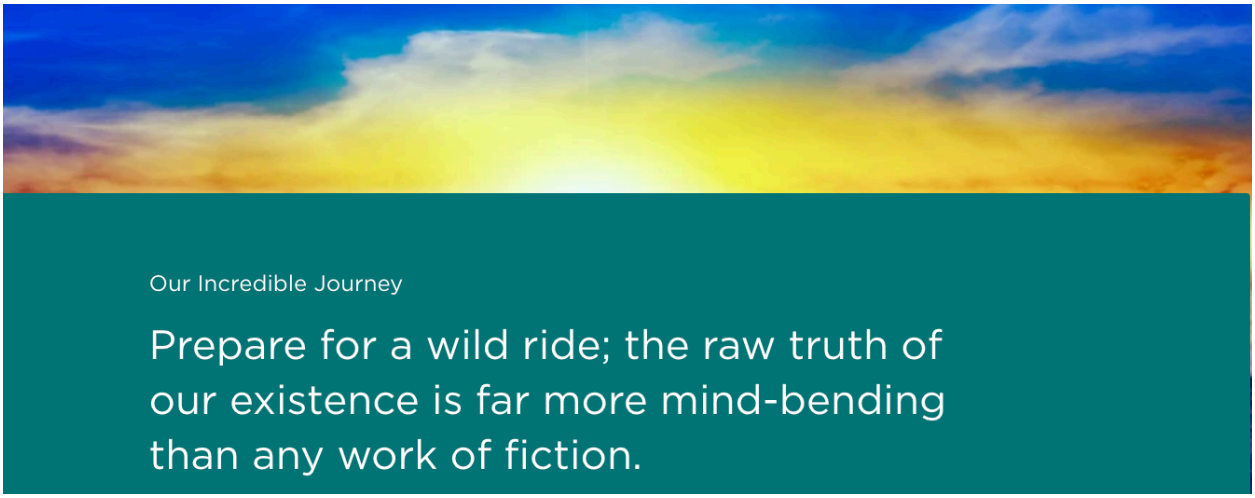
Our Incredible Journey

Online

2020 Website Program Description



Our Incredible Journey
Prepare for a wild ride; the raw truth of our existence is far more mind-bending than any work of fiction.

Online Program
$325.00

William Buhlman's online course on life, death, and beyond. We are magnificent, creative, and eternal beings who are learning and evolving through intense physical experiences. The universal path we travel is an individual journey that begins with the courage to open our minds to question everything.

The key is to awaken and become an active participant in our personal spiritual path - not just a passive believer in it. Learn how to take effective action and self-direct your awareness beyond the consensus realities of the astral dimension. Practice techniques to control and direct your state of consciousness during altered states.

Everything is consciousness. All physical events and relationships are consciousness expressed through matter. As we awaken we see the world for what it truly is: an amazing training ground designed for our development and evolution. Every event in our daily life is an opportunity for personal growth and transformation. We become empowered when we recognize that we create our reality. Congratulations on taking this step toward your own spiritual evolution.

Learn how to effectively navigate thought-responsive environments. Led by William and Susan Buhlman, you'll discover various nonphysical realities and how they function. You'll become knowledgeable about our continuing evolution beyond matter and spiritually self-empowered to break free from the limits of all belief systems.

Prepare for a conscious transition by recognizing and releasing attachments. Create a sacred space to intensify your final transition from physical reality. Prepare to make the most of your end-of-life spiritual journey. Death is just the beginning.

How it works

1. Our Incredible Journey is a three-week online course, with six teaching sessions. Each session provides instruction presented in the form of streaming video and audio exercises, with an average running time of about one hour.
2. The instructional videos have been recorded specifically for this course. You don't need to be online at any particular time or day to view them, and once they are introduced on the course site, they remain available for your review and practice for the duration of the course, plus an additional two weeks after the course has ended. It is recommended that you have access to a minimum internet speed of 5 Mbps for streaming the exercises.
3. Our online courses are meant to be primarily experiential in nature, so the more you engage in regular practice offline during the program, using the audio exercises provided, the more you can accelerate your progress.

What You Get

In addition to the program materials and audio exercises, you will receive the following benefits.

 Trainer Facilitation Throughout the course a Monroe trainer will be there to answer your questions and support and guide you through the program.	 *Additional Audio Exercises* Continue your exploration once the program has ended with a take home audio exercise.
